

Global Tech Corp — Q2 2026 Business Report

Executive Summary

Global Tech Corp reported strong financial performance for the second quarter of 2026. Overall revenue reached \$150 million, representing a 15.4% increase compared to Q2 of the previous fiscal year. This growth was primarily driven by accelerated enterprise adoption of our cloud platforms. Operating income rose to \$35 million, reflecting enhanced margins in software divisions.

Financial Performance by Segment

Segment Division	Revenue Q2 2025	Revenue Q2 2026	YoY Growth (%)
Cloud Services	\$45M	\$60M	+33.3%
Hardware Products	\$55M	\$50M	-9.1%
Consulting & Support	\$30M	\$40M	+33.3%
Consolidated Total	\$130M	\$150M	+15.4%

Strategic Outlook

Cloud Services continues to expand as our highest margin division, now accounting for 40.0% of overall corporate revenue. Hardware segments faced temporary supply chain adjustments leading to a slight contraction, but backlog orders remain high. Based on these results, we are initiating expansion into South American markets in Q3 2026, targeting initial operations in Lima and Bogota.
